

PRODUCTS: VISUAL WATER WALLS™

VISUAL WATER WALLS™

An elegant water feature at your place of business will dazzle your clients and set you apart from your competition. Lumical's Visual Water Walls™ is the elite provider of LED lit water features in Orlando. Your Visual Water Wall™ will be custom designed and manufactured specifically for you.

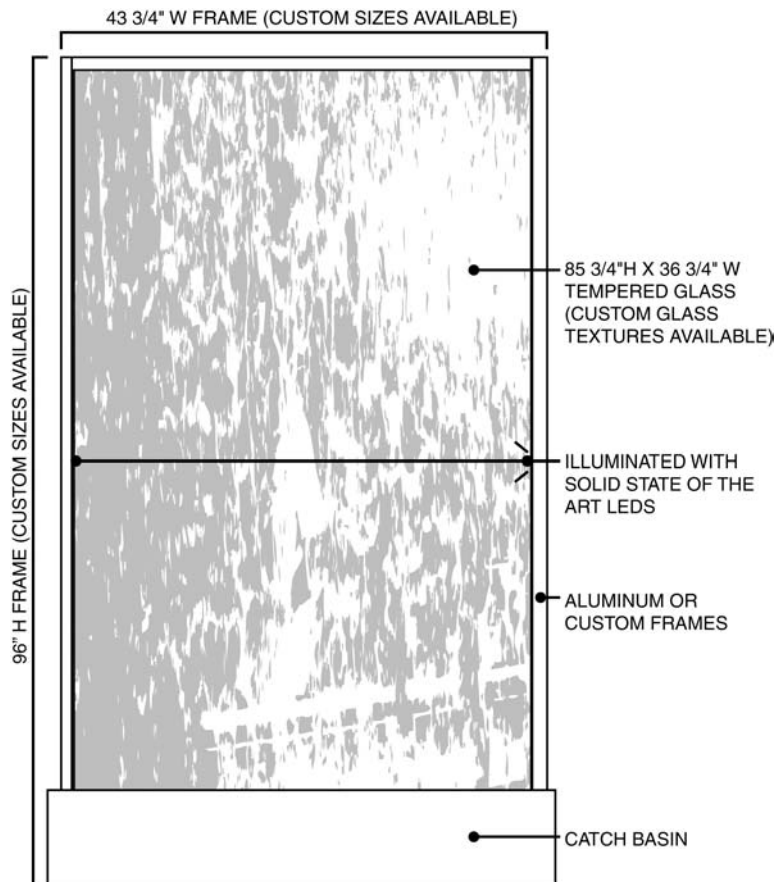

Lumical creates contemporary LED lit water features, fountains, and sculptures for public and private locations worldwide. Illustrating the natural elegance of water as an art form, our creations have become renowned for their refined sophistication. With each project, our clients have come to rely on our creative and timeless designs, innovative engineering, quality workmanship, and attention to detail that have become our hallmark over years of experience.
